Dear Alex Halpert,

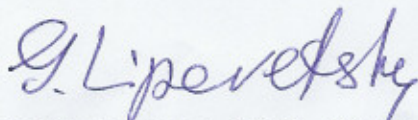

I hope everything is well with you and your family.
With great interest I have look through your questions to Mr. Ron Zvi concerning his very strange estimation of my apartment defects. They are very professional! Thank you very much!

For your information I am sending to you copy of my questions to Mr. Ron Zvi. I would be very grateful for your comments.

By the way, would you be so kind to remind me - to whom did I give colour photographs from Maagar Proectim estimation - to you or to Ron Zvi?

I hope to see you after we get answers from Ron Zvi to discuss them and review the situation together. I would be happy to see you
in my apartment at any time! Please call me !

Sincerely yours,

German Lipovetsky, M.D.,Ph.D
